Introduction

Welcome! The concept of the Totnes Wellbeing Fund (TWF) is simple: if you're a local community group or an individual with an idea that will boost wellbeing in and around Totnes (Devon, UK)¹, we want to help.

Because a small change can make a big difference, we're keen to support initiatives where a little input from us could really enhance personal, community and environmental wellbeing.

We offer seed grants between £100 and £500 to help turn your ideas into reality. With very few exceptions, funding is only available for new initiatives which have not yet received external funding, where a small, timely grant will unleash significant positive impact.

About NOW

The [Network of Wellbeing](https://www.networkofwellbeing.org) (NOW) is a registered charity. Our vision is of a world where everyone's wellbeing needs are met within the planet's natural limits. We're committed to holistic wellbeing, believing that lasting wellbeing for individuals comes from how we care for our relationships with others and with the planet, as well as how we engage with the community that surrounds us.

A person's wellbeing depends on the wellbeing of the community in which they live and work, while the wellbeing of their community depends on the wellbeing of society as a whole, and the long-term health of the natural world on which we all depend.

Therefore actions to promote wellbeing cannot simply be those that make individuals happier. One person's wellbeing must support, not come at the expense of, others' and the planet. For us at NOW, wellbeing means happier people, healthier communities and a sustainable planet.

¹ Whilst the Totnes Wellbeing Fund applies to the Totnes area, we are keen to see it adapted for other communities. If you're interested in developing a fund for your area, please get in touch: info@networkofwellbeing.org

NOW provides information and practical support to individuals and community groups, as well as public and private sector organisations, on ways to support holistic wellbeing. We aim to develop our work in Totnes so that it can be used by other communities throughout the UK, and potentially around the world.

Criteria: Who can apply to the Totnes Wellbeing Fund?

We will accept applications from community groups (including unincorporated associations and social enterprises) and individuals with a turnover of £4,000 or less, who need support for non-profit-making projects. We will not consider applications from limited companies.

Your project must boost personal, community and environmental wellbeing in Totnes and adjacent parishes (radius approximately 3 miles).

We provide seed funding to initiatives that, with very few exceptions, are new and preferably cannot access funding from other sources. One aim of the TWF is to provide a starter grant, giving projects the experience of applying for and managing grants, as it can be challenging to access funding until projects have a track record. We want you to think creatively about how you spend your grant, and we want to know that you're spending your money wisely.

Please be aware that the TWF will not consider reimbursement for events/activities that have already taken place.

We encourage applications which show how they will:

1. Actively enhance personal, community and environmental wellbeing;
2. Maximize the impact of the grant (e.g. through match-funding, by using the grant as seed funding for a larger project, by enabling volunteers to develop skills, etc.);
3. Be environmentally, socially and financially sustainable:
 - Environmentally: how will your project enhance environmental wellbeing and minimise environmental damage?
 - Socially: how will your project look after the health and wellbeing of volunteers, participants, etc.?
 - Financially: how will your project be financed in the future? For example, will it become self-financing?
4. Be ethical (e.g. by using ethical products);
5. Be inclusive and reach out to a wide cross-section of the community;
6. Target disadvantaged or vulnerable groups;
7. Be imaginative and innovative (e.g. by finding new approaches to enhancing wellbeing);
8. Be happy to comply with our monitoring and evaluation requirements (see the Monitoring & Evaluation Form at the end of this document).

We wish to support as many of the suitable applications that we receive as possible, but please note that the decisions of the Totnes Wellbeing Fund Panel are final.

For those who have already been granted the TWF: you're entitled to apply once more for the TWF if at least two years have passed since your first application. You will need to clearly demonstrate how the first grant has been used, how the project has developed and how some further funding will support you consolidate your project.

The Totnes Wellbeing Fund will not fund groups/projects which:

- Have over £4,000 annual turnover;
- Use surplus funds for the benefit of a business or an individual;
- Promote a particular religion, although we welcome applications for religious or faith-based projects that are designed to benefit all faiths in the community;
- Conduct party political activities (e.g. we would not support applications to support fund-raising, campaigning or any other activity associated with a political party);
- Primarily benefit an individual (e.g. we would not support applications for personal equipment, bursaries or scholarships – other grants exist for this such as the Elm Grant Trust see www.elmgrant.org.uk/).

Please note: For additional support, you may also like to contact South Hams CVS who can offer advice on the full range of grants available as well supporting you in developing your project/organisation: www.southhamscvs.org.uk/

How to apply

Complete the Application Form below, and email it to Mirella Ferraz (mirella@networkofwellbeing.org) by Friday 21st June 2019. Funding is allocated every six months (in July and in January). All applications are determined at the next meeting of the Totnes Wellbeing Fund Advisory Panel. We intend to inform you of the outcome of your application within eight weeks of the application deadline.
